What is Spirituality?

Spirit verses matter.....

What does it mean to be spiritual? What is the difference between a spiritual person and a carnal person? We observe a defined difference in the behavior of people in and around the world. We know that there is right and wrong, good and bad, truth and lies. Is this what it means to be spiritual or nonspiritual? I would ask you this, “can anything be nonspiritual?” The answer is a defined, “no.” For all things emanate and originate from the all Spirit God. Therefore, there can only be two spiritual paths to travel. A wrong spiritual path and a right spiritual path. The wrong path is often referred to as a carnal path because it is based upon the mind set that differs from Truth—from God's Mind.

How are we able to discern the difference in us? How is it that every human being appears to have a 'Mind' or 'Conscience' with similar and most often nearly identical convictions? Who tells us what is right and wrong? Who defines these differences to our understanding? It is the Creator, who made us, He

allows us to see and know. His Spirit resides within all mankind. Whether we listen and follow is certainly another issue.

So we see that that which we have understood as carnal is just another spiritual force that is present or the lack of our Creator's and we have falsely thought that the carnal mind was perhaps our own ignorance—namely ourselves. We have claimed to be all the noise and confusion within us supposing, perhaps in pride, that we argue with our own selves. If we are not even aware of the voices in us what about what is going on in the world around us. What does it consist of? Is matter that which is real or unreal? Are spirit and matter differing or opposing forces? Where did matter come from? Matter originated in and of Spirit, did it not? What you see as matter is only vibrations. Science has proven that if you take a powerful microscope you can see through anything that appears to be solid. It only feels solid because it is vibrating. Therefore it is entirely possible that if one could vibrate at the same level as matter you could truly walk through a wall. Did you know that I know of people have done that and practice it today? I tell you the truth and by the end of this book you may grasp a basic understanding of its possibility and hopefully you will also understand how you are creating your own world by and through your own vibrations— unbeknownst to you. Not because you are God with mighty powers and such, as you are not, but because God ordained your world to function in a particular way, a way so far you have not seen. You

see, this world is operating on and by His Spiritual Laws and these laws are in effect whether we comprehend them or not.

By the time you get to the end of this book you will discover why things do or don't work out for you and why a person is either blessed or cursed in what they do in life even down to the smallest of actions. Nothing is overlooked by God who is everywhere at once and knows everything.

What is matter? Matter is simply a product of spirit. It is most certainly real, as it exists in and of God. It is subject to Spirit and only exists within Him. Your matter, or the matter you live within, has become a product of your spirit/heart, the center of who you are and your own spirit creates the world around you. You are ever changing by the vibrations you are emitting. Just as God's Spirit hovered over the waters and made the world, your spirit hovers over your own life and body creating the world you live in today and the one you will have tomorrow. We are made in His image and operate as He does. What you are on the inside is soon to become your outside. (*Your heart will soar when you realize that these things never change and that justice is more than alive.*) Seeing that matter is spirit, matter then cannot be absence of Spirit or not real. The truth is that spirituality and carnality are levels of complex vibrations on two wave lengths, levels, or perimeters. You are either from above or beneath in all that you do and only one has your allegiance.

A spiritual Christian is a misnomer for all who are

born of Spirit are indeed spiritual. In truth all people are spiritual as all matter is a product of spirit. Even those who are carnally minded are following spirits and spiritually led. I chose the title of this book for the concept behind it. I knew in my heart that only those who really want more of God would want to be a 'spiritual' Christian. All who truly love God wish to be closer and more 'spiritually minded' rather than 'earthly minded', therefore, I hope that I am reaching ears that will listen to truth.

God is the 'all Spirit God' and all that you see, including yourself, came from Him and exists in Him by his origin and design. His Spirit is the source behind all vibrations. Therefore matter is real, but not in the sense that mankind has first understood it to be, but rather it is set to vibrate by His Spirit to feel solid to our own spirits and according to the frequencies/oscillations that we vibrate upon. Again, this is God's design. All creation is His thought manifest. Your life is and has become your thought manifest according to and in alignment with His spiritual laws. Again, all that you see is moving and operating according to His principals and laws. This is how God designed it to be. I will expound upon these spiritual laws and principals that you and I live within as we go along. You will be astounded as you see that you are indeed becoming your thoughts.

Science has also proven that every thought has a frequency. You are spirit. You are a vibrational creature. Your body is also vibration but corrupted and must be recreated one day to the correct

frequency/vibration/oscillation in order to dwell in harmony with God. This uncorrupted body is called a glorified body in the bible and will not have corrupted frequencies and vibrations.

The religions that teach matter as not real, may have meant that it wasn't solid or as it appeared. Keeping this in mind I move forward. Matter, therefore, is also spirit and is subject to it. They are not separate as taught by the world/low frequency minds. Matter is a product of Spirit vibrations. For lack of better words I'm going to refer to the vibrations as:

Low Frequency: LF>Incorrect thoughts, emotions, concepts, and ways... (carnal/earthly/worldly,flesh)

High Frequency: HF>Correct thoughts, emotions, concepts, and ways....
(Godly/heavenly/Holy/Spiritual).

The bible uses different ways to express the same theme of these frequencies. In this book we will take a look at them. Basically, the higher your frequencies the more in line you are with your Creator. The lower you vibrate, the more out of line you are with Him and the closer you are to death (little to no vibration).

Mankind use to have higher vibrations, but the moment Adam moved upon a low frequency thought, he fell. He was then removed from the garden of Eden (pure dimension/vibrations) to the earth (corrupt frequencies and vibrations) and immediately entered

death in his spirit. We are now low vibrational creatures. To be saved, you have to be reborn in spirit to high frequencies. This can only come about through repentance which is a sincere turning from low frequency thoughts and emotions to high ones.

I know this isn't emotionally satisfying to know, in that one is able to join a secret club of special people who have magic words and a special club names like 'Presbyterian or Lutheran'. Religions are of the flesh, not God. This book is a book of Truth and was given to me by Divine Revelation and is not written to pacify the flesh. The religious will not like this book. I hope you are not one of them but a seeker of Truth.

9 For as the heavens are higher than the earth, so are my ways higher than your ways, and my thoughts than your thoughts. Isaiah 55:9 (KJV)

The Creators ways are all High Frequency. Every thought and emotion that He emits is correct. He has no low vibrational thoughts and ways that He moves upon. He is fully aware of evil, having made that frequency range, just as a person is aware that he casts a shadow, but it is not who He is, nor is defined by or through it.

15 Who is the image of the invisible God, the firstborn of every creature:

16 For by him were all things created, that are in heaven, and that are in earth, visible and invisible, whether they be thrones, or dominions, or
